## **Announcing the New Morgan and DiSalvo Website!**

*By Richard M. Morgan & Loraine M. DiSalvo*

For the past few months, we have had our technical team hard at work designing and building a brand-new website to better serve our clients and professional contacts. Everything about the site is improved, from a wider, more user-friendly layout and improved navigation to an easier-to-read text style.

The site is divided into five tabbed sections—[Wills & Estate Planning](#), [Probate & Administration](#), [Tax Planning](#), [Business Succession](#) and [Charitable Gifts](#). Each section provides information about Morgan and DiSalvo's services within that area of need, as well as helpful articles and advice that will assist you and your family with some of the most important decisions you will ever make.

On the site, you will also find a link called News and Articles, which brings all of the information on our site together into a "digital library" you can browse at your leisure. We've even included a few "podcasts" for those who like audio format. We hope you'll enjoy the information we have collected and find it useful.

Please feel free to give us feedback about anything you would like to see in the coming months. This new site was created with you and your needs in mind, so we look forward to hearing your thoughts.

Until we have the pleasure of serving you again, we hope you have a sparkling Fourth of July and a wonderful summer!
